## Unit 3 - Credit Cards and Debt

## Objectives

In this lesson we will learn about the basics of what a credit card is and the different responsibilities that come with owning a credit card.

- We will learn about what both a credit report and credit score are and the impact they have on someone's finances.
- We will be able to define key terms such as credit score and credit report.
- We will be able to determine different events that either improve or harm someone's credit.
- We will understand the purpose of a credit card and the responsibilities that come with owning a credit card.

Students will continue their projects for both the Budget Game and Stock Game, with a midpoint review for the Budget Game.

## Slideshow

Included in the Credit Card \& Debt slideshow are all the challenge questions, key terminology, and project prompts.

## Unit 3.1 - Intro to Credit

| Activity | Type | Summary | Time |

## Unit 3.5 - Managing Debt

| Activity | Type | Summary | Time |
| :---: | :---: | :---: | :---: |
| Class <br> Discussion <br> s | Lecture | Slideshow <br> - Follow through the slides for Unit 3.5 | 20 min . |
| Read Article | In-Class | Managing Debt <br> - View Lesson | 11 min . |
| Read Article | In-Class | Consolidating Debt <br> - View Lesson | 13 min. |
| Read Article | In-Class | Bankruptcy <br> - View Lesson | 9 min . |
| Class <br> Project | In-Class | Stock Game Midpoint Review <br> - Refer to teacher packet | 10 min . |
| Class <br> Project | Home Work | Budget Game Midpoint Review <br> - Refer to teacher packet | 15 min . |

By the end of the lesson, students will:

- Define key terms such as credit score and credit report.
- Determine different events that either improve or harm someone's credit.
- Understand the purpose of a credit card.
- Understand the responsibilities that come with owning a credit card.
- Be able to implicitly and explicitly think about situations that will either improve or harm their credit and explain why.

## Key Glossary Terms

The key terminology is covered in each of the sub-units, here is a complete list of all the terms introduced in the Credit and Debt Unit.

| Credit | When you use borrowed money with a promise to repay it at a <br> later date. |
| :--- | :--- |
| Principle | The amount of money that you borrow. You are expected to <br> repay the principal plus any interest charged. |
| Nominal Interest Rate | The interest rate on a loan or bond will not change over time <br> and is called the Nominal Interest Rate. |
| Real Interest Rate | To calculate the Real Interest Rate, subtract the inflation rate <br> from the Nominal Interest Rate. |
| Credit Limit | The total amount you are allowed to borrow. This is set by the <br> lender based on your ability to repay. |
| Grace Period | Represents the time between when you borrow money and <br> when interest begins to be charged on the principal. |
| Minimum Payment | The smallest amount you can pay each month before your <br> credit card company considers you defaulting on your debt. <br> This minimum payment is based on a percentage of your total <br> principal balance. |
| Mortgage | A loan used to purchase or maintain a property, (home, land, or <br> real estate). The borrower agrees to pay the lender a series of <br> regular payments that are divided into principal and interest. <br> The property serves as collateral to secure the loan. If the <br> borrower defaults they forfeit the collateral, (their property) to <br> the lender. |

| Depreciation | A reduction in the value of an asset with the passage of time, due to wear and tear |
| :---: | :---: |
| Resale Value | The value that goods, especially a house, car, or other property, have when you want to sell after owning it for a period of time. |
| Financing Charges | The interest and other charges that a financial institution charges a borrower as the expense for taking a loan. |
| Precomputed Interest | A type of loan where the total interest is calculated in advance and must be paid. A borrower cannot pay off this type of loan early to save on interest. |
| Buy Now, Pay Later Loans | A type of short-term financing that allows consumers to make purchases and pay for them at a future date. Several companies offer them to their customers, with usually an interest-free grace period to pay back in full. |
| Unsecured Personal Loans | Any loan you take out without providing collateral, for example, a credit card. |
| Payday Loans | These loans are typically offered as a "bridge" between an expense (such as rent) and your next paycheck, usually with term lengths of less than 1 month. These loans can be either unsecured or secured. |
| FASFA | Free Application for Federal Student Aid, if you qualify for federal financial aid, you can use this money towards education (and reduce the total amount you need to borrow). |
| Federal Student Loans | The Federal Direct Loan Program provides low-interest student loans to postsecondary students (undergraduates and graduate students) and their parents. |
| Private Student Loans | A loan from a bank, credit union or online lender rather than the federal government, used to pay for college costs, the interest rates are higher than federal student loans. |
| Down Payment | An initial payment made when something is bought on credit |
| FHA Loans | Federal Housing Administration loan are designed for low-to-moderate-income borrowers; they require a lower minimum down payment and lower credit scores than many conventional loans |
| Variable Interest | Also called adjustable or floating rate, is an interest rate on a loan that fluctuates over time based on the underlying interest |

|  | rate. |
| :--- | :--- |
| Fixed Interest | An unchanging rate charged on a liability, such as a loan or <br> mortgage. |
| Foreclosure | The action of taking possession of a mortgaged property when <br> the mortgagor fails to keep up their mortgage payments. This is <br> triggered after a specific number of monthly payments have <br> been missed. |
| Default | Failure to fulfill an obligation, especially to repay a loan. |
| The sale of a borrowed asset, to be purchased back later and |  |
| returned to the original owner. The "Short Seller" makes a |  |
| profit if the value of the asset goes down during this time. |  |$|$| When a lender and borrower agree to new terms that are |
| :--- | :--- |
| usually more favorable to the borrower. For instance, reducing |
| the interest rate so that the borrower is still capable of |
| repaying the loan. |

| Compound Interest | The interest on a loan or deposit calculated based on both the <br> initial principal and the accumulated interest from previous <br> periods. |
| :--- | :--- |
| Insolvent | The point where you are unable to pay back your personal <br> debt. |
| Repossession | When a creditor takes possession of any property you put up <br> as collateral after you stop making your loan repayments. They <br> can usually do this without notifying you. |
| Wage Garnishment | If a creditor sues you for defaulting on your loan, the court can <br> enforce that a certain amount of your paycheck is sent directly <br> to the creditor before you even see it. |
| Property Lien | A court order where a public statement saying that you owe <br> the creditor money, and that until that debt is repaid, the |
| creditor now owns a piece of your property. The creditor could |  |
| force the sale of your property to satisfy the debt you owe. |  |\(\left|\begin{array}{ll}A legal proceeding involving a person or business that is unable <br>

to repay their outstanding debts.\end{array}\right|\)| A form of debt management that allows you to combine |
| :--- | :--- |
| multiple debts into a balance with a single monthly payment. |\(\left|\begin{array}{ll}Provides consumers with guidance on money management, and <br>

budgeting, with the goal of avoiding bankruptcy.\end{array}\right|\)| An arrangement between the lender and the borrower, where |
| :--- | :--- |
| the borrower pays a lump sum or one-time payment which is |
| less than the actual amount due, to settle the debt once and |
| for all. |
